1. Introduction to Moodle

This user guide is designed to help you navigate the Moodle Learning Management System with confidence. It provides clear, step-by-step instructions with screenshots for tasks ranging from logging in to completing your training. For more in-depth information, please refer to the [official Moodle documentation](#).

On the landing page, you can select your preferred language and access the login portal.

2. Getting Started: Accessing Your Account

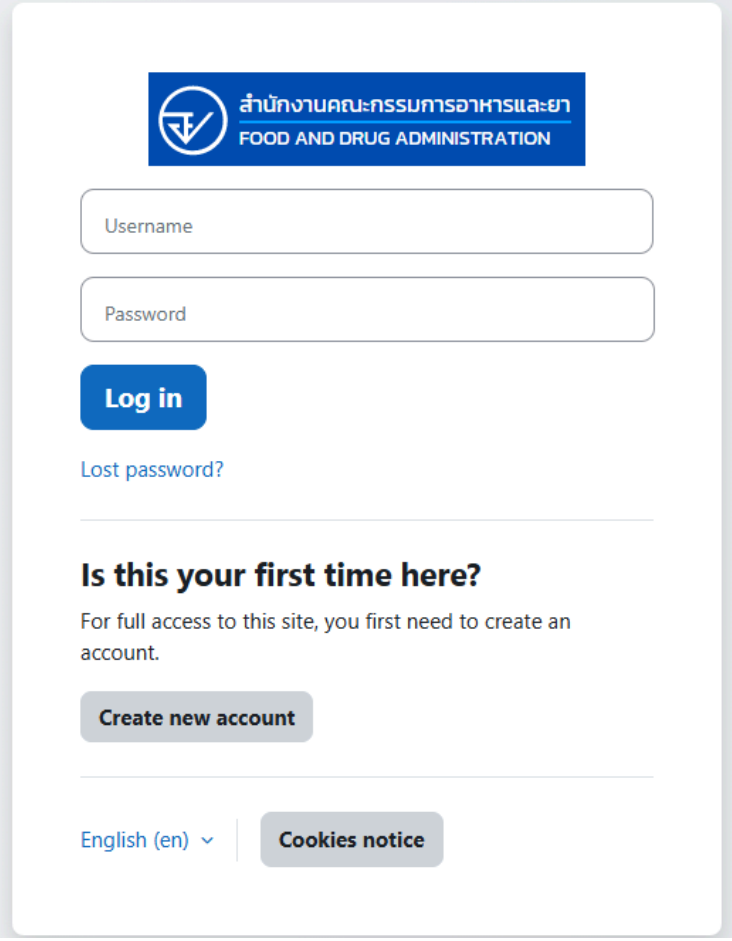

2.1. Registering for a New Account

Self-registration is disabled on this site. If you do not yet have an account, please contact the site administrator and request that one be created for you.

2.2. Logging In

Once you have an account, you can log in:

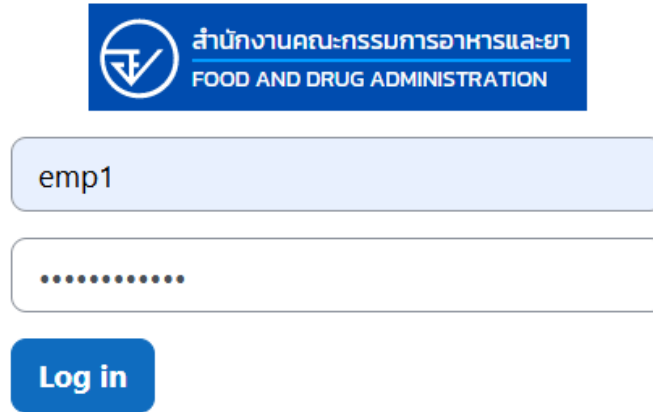

1. Click on the login button to see the login page.

The screenshot shows the login page of the Food and Drug Administration (FDA) website. At the top, there is a blue header with the FDA logo and the text "สำนักงานคณะกรรมการอาหารและยา" (Food and Drug Administration) in Thai and "FOOD AND DRUG ADMINISTRATION" in English. Below the header, there are two input fields: "Username" and "Password". A blue "Log in" button is positioned below the password field. To the left of the button, there is a link "Lost password?". Below the login section, there is a section titled "Is this your first time here?" with the text "For full access to this site, you first need to create an account." and a grey "Create new account" button. At the bottom, there is a language selector showing "English (en)" with a dropdown arrow, and a grey "Cookies notice" button.

Figure 3. Login page

2. Enter your Username (or Email) and Password in the login fields and click on the “Log in” button.

The login form consists of a blue header with the Food and Drug Administration logo and name in Thai and English. Below the header are two input fields: the first contains the username 'emp1' and the second contains a masked password represented by ten dots. A blue 'Log in' button is positioned below the password field.

Figure 4. Fill in login details

3. You should see the post-login page once successful.

4.3. Completing Course Activities

To complete a course, you need to finish its activities. Here's a general idea:

1. **Click on a course from your Dashboard.**
2. **Navigate through the course sections.** Each section might have different activities.

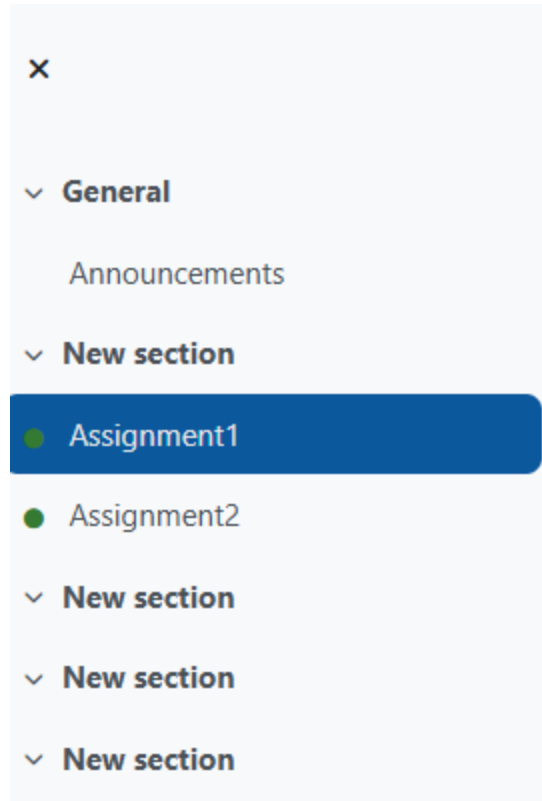

Figure 20. Course sections

3. Click on an activity (e.g., a video, a quiz, an assignment).

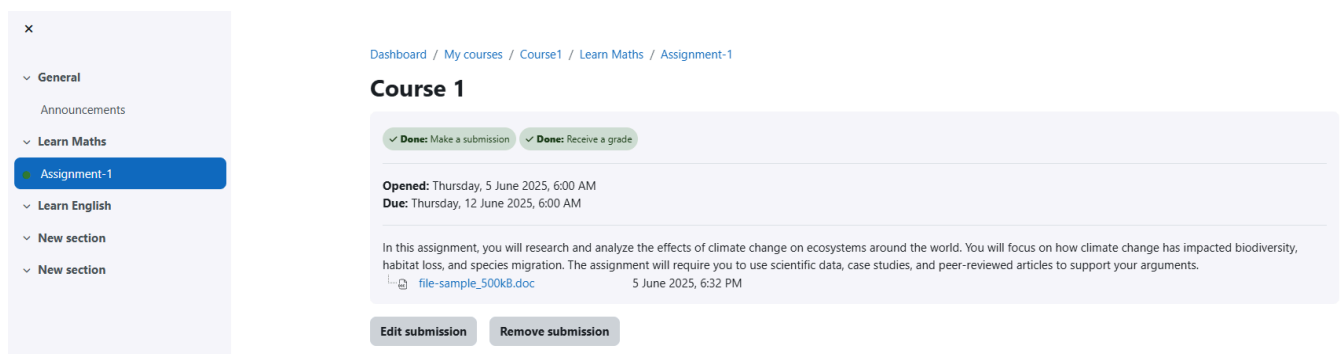

Figure 21. Assignment section

4. Follow the instructions for that activity. For example, add a submission

5. Once you complete an activity, it might automatically mark as done. Sometimes, you might need to click a "Mark as complete" checkbox.

6. Once the course is graded by your trainer or supervisor, you would be able to see your grade and feedback.

6. Important Notifications and Announcements

Your Moodle system will send you important updates:

- **Due Date Reminders:** You will receive emails reminding you about upcoming deadlines for courses or activities.
- **Completion Notifications:** You will be notified when you successfully complete a course or activity.
- **System Announcements:** Your administrators might send out general announcements about the system or important updates.

Always check your registered email and the system's notification area for these messages.

7. Getting Help

If you have any questions or run into problems while using the system, please contact the Admin for guidance.
